## *Lessons/Mentoring*

Each Tuesday evening between 5 and 5:30pm, ladies come together for golf mentoring with Kathy Sandness.

Men's golf mentoring with Tom Wolford every Thursday, starting between 6 and 6:30pm. Club members of the mentoring groups receive special member discounts, only \$15, and a "Bonus Round" each week.

Divided into two groups, seven ladies participated in a "Straightest Drive" competition during the Tuesday evening ladies golf. Winners of the competition in the first group was Georgie Sansom, and Margaret Torreano won from the second group.

As an incentive to speed up play during evening mentoring golf, Muskeg Meadows is giving club members 50% off all rentals, including motor carts. That brings the motor cart rental fee down to only \$10 plus tax! \*All contract terms and rules apply. Wrangell Golf Club Members who join either mentoring group receive special discounts on greens fees as well as receive a special free bonus round of golf anytime after 5pm during the week.

On the schedule for this Tuesday's group is Best Ball Scramble through the fairways until you reach the green. Everyone will putt from Kathy's designated location and only the person with the least amount of putts score will be recorded. Also a reminder to bring bug repellent, and light rain gear, water proof rain hoods and club covers, marker pens for identifying marks on individual golf balls.

## *Youth*

The Wrangell Parks & Rec Summer youth program has been cancelled until further notice. This was the decision of the Wrangell Parks & Rec Director, Amber Al-Haddad. Golf was in their schedule every Tuesday morning, for an hour starting at 11am. For safety and skill, Wrangell Golf Club Youth Leaders, Don and Bonnie Roher were assisting the children with proper golf etiquette on the driving range and practice putting green.

We are hoping Ms. Al-Haddad will find money in the budget to continue this event for the youth of the community.

## *Muskeg Meadows Modifications*

Course repairs on fairway #3 remain in effect. Beware of cart path, foot bridges, and areas that are roped off. Please note that the areas under construction are considered by USGA as "Ground Under Repair", and may be played with a free drop out of the area, no closer to the pin.

The yardage on that fairway has been modified and compensated for on fairway #6 changing #6 to a par 4.

During tournaments teams will be using the colored pegs on #3 for tee areas. Men use the white pegs located just below the construction area and ladies use the red pegs just above the construction area for a short par 3.

On fairway #6 the champion boxes will be used by men and the white tee box will be used as the forward tee.

The "Closest to the Pin" competition will remain on #4.

The "Straightest Drive" will permanently remain on fairway #1.

For your safety, please be aware of and yield to ground under construction areas that are roped off throughout the golf course. On the back side of the buildings near the Tourney Room construction has begun. A temporary ramp to the Tournament Room was put up and new steps to the back porch of the Proshop are now useable. Club Member and golf mentor, Tom Wolford, will be working to rebuild the back stairs to the Proshop, Ball Room, and the entire porch and ramp of the Tournament Room.

Ravens continue to viciously attack the fairways by pecking and digging for food throughout the golf course. These rough areas that have been overturned by birds are also considered "Ground Under Repair", and may be played with a free drop out of the rough area, no closer to the pin.

The effort to control the raven's food source, grubs, continues at Muskeg Meadows. The golf course Superintendent, Wayne Harding, has administered a million predatory nematodes to the sod. The nematodes will seek out and destroy the grubs. Predatory nematodes cause no harm to anything that isn't insect larva. Nematodes won't harm plants or earthworms either.

These predator nematodes kill only grubs by invading the insect's body and reproducing on the remains. Nematodes can multiply by the millions per second when the conditions allow and each new nematode will repeat the cycle. Check out Charley's Greenhouse, in Mt. Vernon, Washington online to learn more about the beneficial nematodes at Muskeg Meadows Golf Course.

[http://www.charleysgreenhouse.com/index.cfm?page=\\_productdetails&productid=7852&learnmore=1#lmore](http://www.charleysgreenhouse.com/index.cfm?page=_productdetails&productid=7852&learnmore=1#lmore)

The nematodes were funded, in part, by the Rasmuson grant the Wrangell Golf Club received this year for course repair and maintenance within Muskeg Meadows Golf Course after last year's raven destruction.

Ravens are a protected species and are considered sacred by the local natives of Southeast Alaska. The Legend of the Raven says the once white bird, now black, helped bring the sun, moon, stars, fresh water and fire. The Raven is also considered by local natives to be ancestors who are mischievous, handsome tricksters.

Local authorities believe the ravens are concentrating on digging at wet, mossy areas in the fairways. Management has observed ravens in large groups pecking and scratching in several relatively small areas throughout each fairway. If we eliminate the raven's food source, in the safest way possible without harming the birds or the ecosystem, we can eliminate the problem.

Also to help keep up on the golf course maintenance, Wayne Harding, Muskeg Meadows Golf Course Superintendent, has obtained a new mower that is better equipped to handle the rough terrain in order to maintain the continuous raven attacks. Wrangell Golf Club Board Members are working together on obtaining a new thatching machine that will keep the moss thinned out within the fairways. We are maintaining the fairways the healthiest way possible for our delicate environment. Thatching the moss will aerate the sod and make better conditions for grass to grow. Fertilizing will also lend to keeping the moss down and the grass thick and healthy. Also partially funded by the Rasmuson Grant is grass seed and fertilizer.

### ***Raffles***

The Wrangell Golf Club is raffling a Jimenez Arms "J.A. 380" automatic pistol. \$10/ticket and only 100 tickets will be sold. You may purchase a ticket at the golf course Proshop.

Wrangell Golf Club, Inc. raffle, permit #2144, proceeds directly support Muskeg Meadows Golf Course. Each raffle ticket sold is always noticed and appreciated.

### ***Volunteer Opportunities***

There are always volunteer opportunities available at Muskeg Meadows Golf Course.

Salads and side dishes are also greatly appreciated for our backyard BBQ during every tournament.

There is always a need for a "Double Your Money" host to spot on fairway #4 during tournaments. Must be 18+ years

of age to participate. Volunteer position requires taking and recording bets and verifying if better tee shot makes it to, and remains on the green.

It's that time of year again to be coordinating our 4th of July events downtown. We are scheduled to host the traditional Chipping Contest and Ken Davidson's World Famous Brat Booth again this year but we are still in need of helpers. Couples who would like to volunteer 1 hour at the Chipping Contest are highly encouraged. One person to take and record bets, and one (or more) person(s) to retrieve balls. There are still several 1-hour slots available between 3-5pm. Please see the attached sign up sheet.

### ***Latest News***

Professional photo prints by Donald Groom of Muskeg Meadows and golfers are now available to purchase through the Proshop. \$2 for 4x6, \$5 for 5x7 and \$10 for 8x10 prints.

The Wrangell Golf Club purchased five sets of new RAM rental clubs. 2 right hand men's sets, 1 left hand men's set, 1 women's left hand set and 1 women's right hand set. Club rentals are \$1.00 each or \$15.00 for the full set per nine hole round.

Phase two of the covered motor cart parking area has begun. D1 gravel will be laid down as flooring for the parking area.

Next will be the addition of doors to both ends of the covered area and skirting around the buildings.

The driving range will be closed July 19-21st for installation of new nets. A work party has been scheduled. Please call the Proshop for further details.

Installation of new driving range nets to begin July 19th. Driving Range will be closed until netting is fully installed.
